CLR-120E

This is a half day program aimed at **drivers** who require training to verify that dangerous goods are being offered for transport properly. It is the driver's responsibility to ensure the goods are compliant before placing them on the vehicle for transport. This course is not designed for shippers.

- Overview of the federal (TDG) and application of the regulations
- 7 steps to compliance
- Classes of dangerous goods according to the TDG
- UN numbers and proper shipping names
- Using the dangerous goods list and the ICC driver's handbook
- Brief overview of UN specification packaging marks
- Marking and labelling
- Transport documents
- Placarding
- Loading
- Accidental releases and reports
- Special cases
- Others regulations
- Emergency response guide book
- Quiz

Practical hands-on exercises are used throughout the training to confirm knowledge.
